Appeals regarding centre decisions relating to access arrangements and special consideration

This procedure confirms St Columba’s College’s compliance with JCQ’s General Regulations for Approved Centres (section 5.3x) that the centre will:

- have in place and available for inspection a written internal appeals procedure which must cover at least appeals regarding... centre decisions relating to access arrangements and special consideration

St Columba’s College will:

- comply with the principles and regulations governing access arrangements and special consideration as set out in the JCQ publications Access Arrangements and Reasonable Adjustments and A guide to the special consideration process
- ensure that all staff who manage and implement access arrangements and special consideration are aware of the requirements and are appropriately supported and resourced

Access arrangements and reasonable adjustments

In accordance with the regulations, St Columba’s College:

- recognises its duty to explore and provide access to suitable courses, through the access arrangements process submit applications for reasonable adjustments and make reasonable adjustments to the service the centre provides to disabled candidates.
- complies with its responsibilities in identifying, determining and implementing appropriate access arrangements and reasonable adjustments

Failure to comply with the regulations has the potential to constitute malpractice which may impact on a candidate’s result(s).

Examples of failure to comply include:

- putting in place access arrangements/adjustments that are not approved
- failing to consider putting in place access arrangements (which may be a failure to comply with the duty to make reasonable adjustments)
- permitting access arrangements/adjustments within the centre which are not supported by appropriate evidence
- charging a fee for providing reasonable adjustments to disabled candidates AARA (Importance of these regulations)

Special consideration

Where St Columba’s College can provide signed evidence to support an application, it will apply for special consideration at the time of the assessment for a candidate who has temporarily experienced illness, injury or some other event outside of their control, when the issue or event has had, or is reasonably likely to have had, a material effect on the candidate’s ability to take an assessment or demonstrate his or her normal level of attainment in an assessment.

Centre decisions relating to access arrangements, reasonable adjustments and special consideration

This may include St Columba’s College’s decision not to make/apply for a specific reasonable adjustment or special consideration, in circumstances where a candidate does not meet the criteria for, or there is no evidence/insufficient evidence to support, the implementation of an access arrangement/reasonable adjustment or the application of special consideration.

Where St Columba’s College makes a decision in relation to the access arrangement(s), reasonable adjustment(s) or special consideration that apply for a candidate or candidates:

- If a candidate who is the subject of the relevant decision (or the candidate’s parent/carer) disagrees with the decision made and reasonably believes that the centre has not complied with its responsibilities or followed due procedures, a written request setting out the grounds for appeal should be submitted
An **internal appeals form** should be completed and submitted 5 working days of the decision being made known to the appellant.

To determine the outcome of the appeal, the head of centre will consult the respective JCQ publication to confirm the centre has complied with the principles and regulations governing access arrangements and/or special consideration and followed due procedures.

The appellant will be informed of the outcome of the appeal within 5 working days of the appeal being received and logged by the centre.

If the appeal is upheld, St Columba’s college will proceed to implement the necessary arrangements/submit the necessary application.
